New Home Sales Nearly Match Post-Crisis High

New home sales jumped higher in March, posting their third consecutive gain. Sales of newly constructed single-family homes were at a seasonally adjusted annual rate of 621,000 units, an increase of 5.8 percent from February's downwardly revised annual rate of 587,000 units.

The U.S. Census Bureau and the Department of Housing and Urban Development said this puts sales up by 15.6 percent compared to the March 2016 estimate of 537,000 units.

Median home prices had dipped in January when compared to a year earlier, however in February the median of \$315,100 was up by about \$4,000 from the previous year.

After completing my degree in finance at the University of Connecticut, I started in the mortgage business right out of college in 2004. With 15+ years of experience and a primary objective of thoroughly explaining all available loan options to my clients with what is typically the largest investment in their lives, I strive to always make myself available. I constantly educate myself with respect to the mortgage industry and underwriting guidelines for FHA, VA, conventional and jumbo financing. I deliver on the expectations discussed up front and provide the service level my clients deserve from day one. I will remain in touch throughout the process and continue to follow up with you after closing. My goal is to wow you and turn you into clients for life. I want you to be so impressed that throughout and after the process you share my information with your friends, family, neighbors and co-workers who may value from my services.
