Mortgage Apps Rise on Temporary Rate Retreat

Mortgage applications, which posted eight declines in the last nine weeks, **recovered** a bit during the week ended June 19. The Mortgage Bankers Association (MBA) said mortgage applications posted gains in all categories and the Market Composite Index, a measure of overall application volume, rose 1.6 percent on a seasonally adjusted basis and 1.0 percent unadjusted from the week ended June 12.

The **Refinance** Index increased 2 percent from the prior week and the refinancing share of applications increased to 49.0 percent from 48.5 percent. The index measuring purchase applications rose 1 percent from the previous week on a seasonally adjusted basis but was unchanged on an unadjusted basis. The unadjusted **Purchase** Index was 18 percent higher than during the same week in 2014.

The FHA share of total applications decreased to 13.9 percent from 14.2 percent and VA applications declined to a 10.9 percent from 11.5 percent the previous week. The USDA share of total applications was unchanged at 0.9 percent.

Increased applications were probably in response to **interest rates** which declined on both a contract and effective basis for nearly all mortgages tracked by MBA's Mortgage Application Survey. The average contract interest rate for 30-year fixed-rate mortgages (FRM) with conforming loan balances (\$417,000 or less) was typical. It decreased to 4.19 percent from 4.22 percent, with points decreasing to 0.38 from 0.46.

The average contract interest rate for 30-year FRM with **jumbo** loan balances (greater than \$417,000) decreased to 4.14 percent from 4.18 percent. Points decreased to 0.35 from 0.36.

The rate for 30-year FRM backed by the **FHA** decreased to 3.96 percent from 4.00 percent. Points decreased to 0.14 from 0.20

The contract rate fell by 5 basis points for **15-year** FRM, to an average rate of 3.38 percent. Points increased to 0.37 from 0.33.

The average contract interest rate for 5/1 adjustable rate mortgages (**ARMs**) decreased to 3.04 percent from 3.15 percent, with points decreasing to 0.46 from 0.52. The ARM share of activity increased to 7.0 percent of total applications, the highest level since December 2014.

National Average Mortgage Rates

	Rate	Change	Points
Mortgage News Daily			
30 Yr. Fixed	7.09%	+0.07	0.00
15 Yr. Fixed	6.56%	+0.03	0.00
